

Advanced Course for Practicing Pathologists: Diagnostic Pathology of difficult and rare breast tumors

Foto: Engelhardt/Selim Architektur fotografie

Lentos Kunstmuseum, Linz, Austria
October, 14–16, 2020

Course Director:

Farid Moïnfar, MD

Chairman and Professor, Department of Pathology,
Ordensklinikum Linz, Hospital of the Sisters of Charity,
Director, Vincent Academy of Pathology

Guest Faculty:

Fattaneh A. Tavassoli, MD

Professor (emeritus) of Pathology, Department of Pathology,
Yale University School of Medicine, New Haven, USA

Course Objectives

During the course, the participants will be able to review at least 50 cases focusing on (very) difficult and/or rare breast tumors and tumor-like lesions. A variety of unusual benign, premalignant, and malignant breast tumors as well as tumor-like conditions that are likely to cause diagnostic difficulties and misinterpretations are included.

On each day, selected cases will be reviewed by the participants using conventional (on-site) microscopy. All cases will be extensively discussed by the faculty members using an interactive approach (“live” microscopic presentation of the cases). Particular attention will be paid to the diagnostic criteria with systematic analysis of differential diagnoses and pitfalls. Value and limitations of immunohistochemistry will be demonstrated and critically discussed.

After the course, the participants will have access for four weeks to review all digitized cases via internet. Prior to the course, however, there is no internet access to the selected cases.

Participants

The course is specially designed for practicing pathologists with particular interest and experience in the field of breast pathology. Attendance is limited to 80 participants.

Course Director

Farid Moinfar, MD

Chairman and Professor, Department of Pathology, Ordensklinikum Linz, Hospital of the Sisters of Charity, Director, Vincent Academy of Pathology

Guest Faculty

Fattaneh A. Tavassoli, MD

Professor (emeritus) of Pathology, Department of Pathology, Yale University School of Medicine, New Haven, USA
