Course website with online-registration form:

https://pathologie.medunigraz.at/postgraduate-course-lung-pleural-diseases

Online registration will be open from November 14, 2024.

Limited seating! Early registration recommended.

Seating at the course is on a first come, first served basis and will definitely be assigned, based on the date of payment of the course fee. Course invoices will be sent starting in January 2024

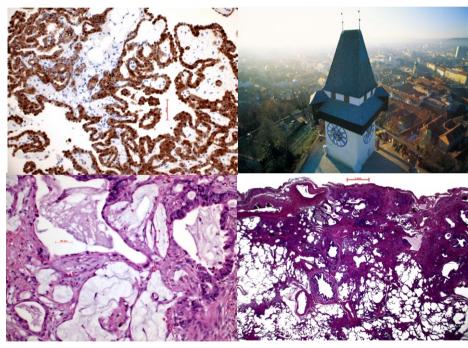

POSTGRADUATE COURSE

LUNG & PLEURAL DISEASES

Graz, Austria Part II (Tumour Pathology) June 5 – 7, 2024

Graz, Austria Part II (Non-tumour Pathology) June 9 – 11, 2024

Course Director & Faculty
Helmut Popper, Graz, Austria
Guest Faculty
Anja Roden, Mayo Clinic, Rochester, U.S.A.
Faculty
Ulrike Gruber - Moesenbacher, Feldkirch, Austria

COURSE OBJECTIVES

This two-part course is designed as live event and will run for six days. Covered topics are

- common and rare lung and pleural diseases
- biopsy and cytology of tumor and nontumor cases
- molecular investigations

Each part will consist of lectures, case teaching and discussions.

With confirmation of payment you will receive an email notification providing the link and password required to study approximately 700 cases. You may also opt to view the cases online during the course. Free WLAN internet access will be provided.

For those who prefer a direct and personal view of the glass slides some microscopes will be available at the course location.

This course is designed for trainees as well as for experienced colleagues. The course language is English.

Course parts can be booked separately.

PROGRAM

Part I (Tumour Pathology) June 5 – 7, 2024

Tumor Pathology, starting June 5th, 2024 will cover not only common lung tumors, but also rare epithelial and mesenchymal tumors, preneoplastic lesions, and pleura tumors including mesothelioma; molecular pathology and aspects of immune-oncology will be discussed too. Biopsy diagnosis will be done using an interactive internet based system for digital microscopy.

Part II (Non-tumour Pathology) June 9 - 11, 2024

Non-tumor Pathology, starting June 9th, 2024 will cover fibrosing pneumonias, smoking related lung diseases, metabolic diseases, pneumoconiosis, vascular diseases, infections and more; pediatric lung diseases will be included

Case presentations of interstitial lung diseases combined with biopsy interpretation will be included.

The impact of molecular pathology and immunohistochemistry in lung pathology will be discussed during the conference for each part.

Furthermore challenging cases, including infectious diseases, contributed by the participants will be discussed during the course.

COURSE DIRECTOR & FACULTY

Helmut H. Popper Diagnostic & Research Institute of Pathology, Medical University Graz, Austria

Anja Roden Mayo Clinic Laboratories, Institute of Pathology, Mayo Clinic, Rochester, MN, U.S.A.

Ulrike Gruber - Moesenbacher Teaching Hospital, Feldkirch, Austria

ACCREDITATION / COURSE CERTIFICATE
