Invitation

Dear Colleagues and Friends,

I am delighted to welcome you to the Austrian Spring Meeting, taking place on the 14th and 15th of March 2025 in Vienna. For many years, the Austrian Society of Pathology has organized these Spring Meetings, and this year, we have implemented exciting changes, including conducting the congress in English. We have also invited renowned international pathologists and friends to enhance the program's appeal for everyone.

The first part of the meeting will occur on Friday, March 14th, and will focus on microbiology, conducted in German. The afternoon sessions will cover various topics, including neuroendocrine pathology, focusing on parathyroids, adrenal, gastro-intestinal pathology and PitNETs, making the program even more engaging.

Vienna is not only an excellent venue for discussions with colleagues and friends, but it also boasts rich cultural experiences and stunning views. I hope you enjoy the meeting and wish you a pleasant stay. I look forward to welcoming you to Vienna for this spring meeting.

Best wishes,

Univ. Prof. Dr. Eva Compérat
President OEGPath/IAP Austria

Prim. Dr. Alexander Nader, MSc
Past-President OEGPath/IAP Austria
